

On behalf of the MPSC Committee, welcome to the Meadow Park Soccer Club. We are excited to welcome back our existing players and 'greetings' to our newcomers who are joining the Club for the first time.

We're conscious that there are a lot of questions that you may have at this point. We have attempted to address the most frequently asked questions in this flyer and encourage you to read it in full.

How to begin receiving notifications via TeamApp if you are not currently registered

1. Sign up/create your TeamApp account;
2. Select **Find your Team / Club**;

4. Select the group **Players & Officials**. Your request will then be sent to the Admin for approval. Once approved you will begin receiving notifications.

In the event of inclement weather, training sessions may be cancelled at short notice to preserve the playing surface. TeamApp is the primary method by which we notify players and parents of training cancellations and other important updates.
